

## LEAPING FORWARD ONCOLOGY SIMULATION IN SURGICAL ONCOLOGY SESSION

### PROGRAMME

**11 MAY 2017 > AUDITORIUM 3**

- 01:45 PM** Opening & registration
- 02:00 PM** Welcome and Introduction  
Cristina Pestana (PT) | Kris Maes (PT)
- 02:15 PM** Strategies for healthcare surgical education  
Chairman: Cristina Pestana (PT)
  - GYN minimally invasive procedures  
Filipa Osório (PT)
  - Robotic surgery teaching program  
Kris Maes (BE)
- 03:00 PM** Onco-anesthesia: simulation-based education, a strategy to improve patient outcomes  
Cristina Pestana (PT)
- 03:30 PM** The creation of value with a patient-centered simulation strategy  
Antoine Tesnière (FR)
- 04:00 PM** The role of non-technical skills in surgical teams performance  
Carla Sá Couto (PT)
- 04:30 PM** **Coffee Break**
- 05:00 PM** Improving performance gaps to impact patient safety  
Francisco Maio Matos (PT)

**05:30 PM** Parallel Workshops | Surgical Simulation (Exhibition Hall)

NeuroVR - Open cranial and endoscopic brain surgery  
Domingos Coiteiro (PT) | Maria Manuel Santos (PT)

Microsoft Hololens - How virtual environment will transform healthcare  
TBC

Minimally Invasive Surgery - Endoscopy, Laparoscopy and Robotics

**Directors:** Cristina Pestana | Kris Maes

**Faculty:** Antoine Tesnière | Carla Sá Couto | Domingos Coiteiro | Filipa Osório | Francisco Maio Matos | Maria Manuel Santos
